

One briefing. **One shared plan.**

For leadership teams, business units and companies that need one shared view of AI use, governance and the EU AI Act.

€2,500–5,000 · half or full day

100% before delivery. Online or onsite.

THE PROBLEM

AI decisions are often scattered: marketing runs one tool, HR another, operations a third, and no one owns the full picture of risk, opportunity or policy.

OUTCOME

Your team leaves with a shared vocabulary, a live map of where AI already operates, and a first 30-day action plan.

WHAT SAFA DELIVERS

- A plain-language briefing on the AI Act and what it actually changes for you
- Live mapping of your visible AI systems, vendors and workflows
- What to ask a vendor before buying or expanding an AI tool
- Named owners for policy, vendors, user experience and incidents
- A 30-day action plan plus a written follow-up pack and slides

Best for: traditional SMEs, management teams, trade associations and chambers of commerce not yet ready for a full Sprint.
